### Donna Baker

■ I am a qualified teacher and currently work with children in the special needs sector. My parents moved to Hainault from the East End of London when I was one year old and I was raised and educated here.

Hainault has changed over the last few years but I believe we can bring back a sense of community where residents are proud of, and look after, the area in which they live. For change to occur you need to give a voice to the community and listen to concerns from the young to the elderly. I'd like to keep Hainault from over development and make our home safer, healthier and more enjoyable for all.

### Glen Haywood

■ I am a bus driver and devoted lost animal scanner. I have lived in Hainault for over 20 years. I want to continue to protect our valuable green spaces especially from continued overdevelopment.

Crime is high and there needs to be more visual police presence on our streets. I will continue to campaign for more activities and play areas for our children, and push for clubs where our older generation can meet up and reminisce.

We drastically need changes in Hainault and we need them soon. We as a community are fed up not being listened to. It's about time the people had a voice to represent them. Let's once again make Hainault a community to be proud of.

### Caroline Porter

■ I am a face painter and have lived in Hainault for 21 years. I am a member of the "Save Our Green Space" committee who campaigned against Redbridge Council building on Manford Way & Brocket Way parks. I plan to continue to campaign to save all green spaces and stop over development of Hainault.

I was also involved with the instalment and adoption of the planters at Manford Way shops. There is still more that needs to be done to stop the illegal parking, speeding and begging in Hainault. The residents of Hainault have been let down by the current 3 Labour Councillors with their refusal to help save our much loved park - it's time Hainault had a voice.
